Date and Time of Offense being reported 5/5/11

I, We Local 22 ATU, being a member in good standing in Local 22 of Worcester Mass. wish to report the following grievance and circumstances and thereof.

This grievance concerns the demotion of Edward Rossi outlined in a letter dated May 5, 2011. This discipline was administered with total disregard for the CBA page 10 Discipline. Also, Mr. Rossi was never given the opportunity to correct any issues that the Company had before they hired a Private Investigator when the Company started their egregious discipline, to understand and correct his actions when made aware of them.

Our remedy is that Mr. Rossi be restored to his former position according to CBA page 11, paragraph E and made whole for monies that he would have earned had he remained in his position. Also that all discipline letters referring to this matter be removed from his personnel file.
